

MARYLAND TRANSIT ADMINISTRATION

BULLETIN

NO. 64-17

November 8, 2017

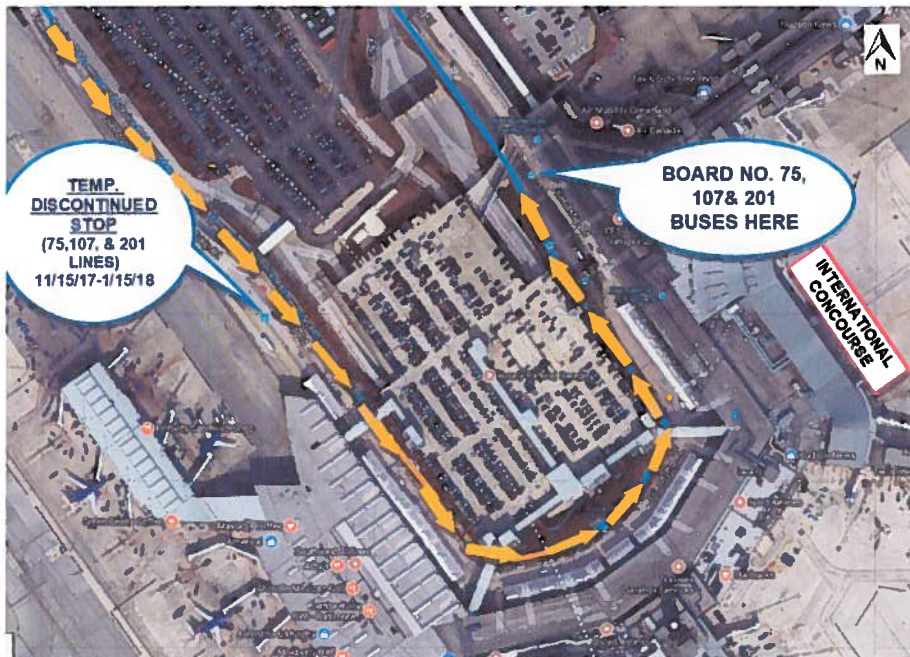

TO: Operators of the No. 75, 107 and 201 Lines

SUBJECT: Temporary Discontinued Bus Stop At BWI-Marshall Airport During Holiday Season

Effective on Wednesday, November 15, 2017, the first bus stop as you approach BWI Marshall Airport terminal (Stop ID # 3317) will be temporarily discontinued at the request of MAA's BWI Office of Ground Transportation. This stop which serves the 75, 107 and 201 Lines, will re-open on Tuesday, January 16, 2018.

During this bus stop closure, MTA, WMATA, and RTA vehicles will board and discharge passengers at the BWI Light Rail Terminal Station stop (ID #11175) located near the International Concourse.

This temporary bus stop closure is designed to improve the flow of airport traffic by offering two lanes for quicker travel through the airport terminal roadway. It will also allow additional usable curb space for privately owned vehicles during pick up/drop off of holiday travelers. Your cooperation in this matter is expected and appreciated.

Thomas M. Hewitt Jr., AICP
Director
Office of Service Development
